What is poverty?

"Poverty affects millions of people in the UK. Poverty means not being able to heat your home, pay your rent, or buy the essentials for your children. It means waking up every day facing insecurity, uncertainty, and impossible decisions about money facing insecurity, uncertainty, and impossible decisions about money every day. It means facing marginalisation – and even discrimination – because of your financial circumstances. The constant stress it causes can lead to problems that deprive people of the chance to play a full part in society"

*"Poverty entails more than the **lack of income** and **productive resources** to ensure sustainable livelihoods. Its manifestations include **hunger** and **malnutrition, limited access to education and other basic services, social discrimination, exclusion, and the lack of participation in decision-making.**"*
